

## Ankersmid Ambient air suction filter

AAF 051,  
AAF 052,  
AAF 053, with splash proof socket

### Application

Ankersmid Ambient Air Filters **AAF 051 / AAF 052 / AAF 053** are used for the filtration of ambient air in gas monitoring systems.

The main applications are in ambient air monitoring and in air conditioning systems.

### Description

The variety of construction design of the ambient air filters **AAF 051 / AAF 052 / AAF 053** allows for a perfect adaptation to local situations.

Filter body and filter elements are available in various materials and filter porosities;

- AAF 051 with 2 $\mu$ m PTFE filter element
- AAF 052 / AAF 053 with 2 $\mu$ m Glass fiber filter element.

Other filter elements are available on request.

The open construction shows the contamination of the filter element at a glance, and allows for an easy filter element replacement without tools.

The filter is mounted to the wall by means of two screws in the filter flange.

The version **AAF 053** is equipped with a splash-proof socket.

\* Pictures may vary

- **Super-fine filtration**
- **Large active filter surface**
- **Various materials available**
- **Easy mounting**
- **Easy maintenance**
